

Provides You With Only The Most Accurate Attendance Data

- Full power reserve ensures operation during power failure
- Initial print after time change
- Counts the number of prints for attendance
- Automatic adjustment for Daylight Saving Time
- 1-color printing
- 2-color printing (optional)
- Time signal (optional)
- Melody (optional)
- Automatic shift of print position (optional)

The BX-6000 Series Electronic Time Recorder provides you with only the most accurate attendance data. The BX-6000 Series Electronic Time Recorder handles weekly, bi-weekly, semi-monthly or monthly pay periods, so you will be assured that it will accommodate your pay schedule, no matter what style it is. The optional two-color printing helps you spot exceptions instantly. The dot matrix printer ensures fast, quiet printing of date and time. The clock programming allows for extremely quick and easy setup, so the BX-6000 is ready to go to work for you, virtually immediately. Because this time recorder automatically adjusts for Daylight Saving Time, short months, leap year, and power outages, you can be sure that it will constantly be fully operational, no matter what unanticipated factors arise. For more information on how the BX-6000 Series can assist you with your time and attendance needs, please call today.

Specifications:

Power Requirement: 110-120V AC or 220-240V AC±10% (50/60 Hz)
 Temperature: 14°F ~ 114°F (-10°C ~ 45°C)
 Humidity: 10% ~ 90% (non-condensing)
 Dimensions: 9.3"h x 8.7"w x 6.4"d (236 mm x 222 mm x 162 mm)
 Weight: 7.05 lbs. (3.2 kg.)

Memory Holding Function: 3 years of total power failure time (all functions other than internal clock stop) with lithium battery.

Battery Backup: The fully charged lithium battery (full power reserve) maintains the following:

- 1) The clock, 2-color selection, time signal, melody, and printing position for up to 72 hours.
- 2) The printing frequency depends on the working conditions: 200 printings with 2-color selection and melody for up to 72 hours. When the time recorder is operated with full power reserve, the IN/OUT indicator lamp goes on and off.
